WON BY THE QUAKERS

University of Pennsylvania
Captures Honors at Henley.

FINAL HEAT IS TODAY

Pennsylvanians Will Meet
Leanders for Challenge Cup

Henley, July 4.—The second day of the Henley regatta was signalized by another victory for the Americans, the capture of the University of Pennsylvania defeating the Thames rowing club and thus winning their second heat. As the Leanders defeated the Belgian crew, the Pennsylvanians will meet the Leanders in the final heat for the grand challenge cup tomorrow.

The results of the heats today were as follows:

Grand challenge cup, third heat: The Leander rowing club beat the Belgian crew by three quarters of a length. Time, 7:38.

Grand challenge cup, fourth heat: The Pennsylvanian University beat the Thames rowing club by three lengths. Time, 7:14.

Thames challenge cup, eighth heat: Kingston rowing club beat the Royal School of Mines by a length and a half. Time, 7:24.

Victorian challenge cup, second heat: Cambs college, Cambridge, beat the New College, Oxford.

Canoe arrived alone. Number three of the new college broke his slide. Canoe stopped, but the damage could not be repaired.

Thames challenge cup, ninth heat: Trinity hall, Cambridge, beat Worcester college, Oxford, by a length. Time, 7:36.

Victorian challenge cup, third heat: Balmont college, Oxford, beat Trinity hall, Cambridge, by two lengths. Time, 7:41.

The conditions were even better than yesterday. A bright, hot sun was shining and there was no wind.

Soon after 11 o'clock, the Leanders, paddling to the start for their race with the Belgians, were loudly applauded along the course, but their reception was quite eclipsed by that given to the Americans, who followed a few minutes later.

There was only five minutes difference between the two races and no wonder that the Americans went away steadily and easily from that point and dropped their stroke to thirty-eight. They did not halt the distance in 3:30. Their opponents did the half in 3:40. Opposite the Leander enclosure the Pennsylvanians were three lengths ahead and although their again eased considerably and the other rowers, the Americans were never able to make up anything.

Following the grand stand the Americans could not resist a little apart and they moved past with a dash stroke at the rate of forty-one to the minute. The Americans had a very friendly reception. Miss Ward, the American coach, with her in the imperial launch, expressed herself as being thoroughly satisfied and confident.

The Leander-Belgian race was a hard one, but not as severe as expected. The Leanders got away with surprising rapidity. At the rate of forty-three and a half strokes per minute they were in the lead. The Belgians were struck a rapid start and began to come up, but they could not catch the Leanders. Off Fawley court, which they did in 3:24, the Leanders were again clear. Off the Governor club the Belgians slipped and nearly got up level. A splendid race some followed, the Leanders winning by a bare length.

The Leanders finished very strong and it was agreed that tomorrow's meeting between the Leanders and the Americans will be a hard race.

IS IN NEBULOUS STATE.

President Winchell Says Little of Consolidation With Frisco.

Denver, Colo., July 4.—B. F. Winchell, president of the Kansas City, Fort Scott & Memphis railroad, and formerly vice-president and general traffic manager of the Colorado Southern, is in Denver for a short pleasure trip. Mr. Winchell has been on a business trip to Fort Worth, Texas, and is returning to Kansas City where he will remain only two or three days. Mr. Winchell's visit to Fort Worth was in connection with the proposed consolidation of his road with the St. Louis & San Francisco railway. Concerning the precise object of his trip and the status of the consolidation plan, however, he would say nothing.

"The matter is in the hands of the lawyers," declared Mr. Winchell, "and I can say nothing of it whatever. Indeed, the proposed consolidation is scarcely a consolidation at all, only a consolidation of interests, not property. The officers, if consolidated, I am afraid I couldn't say."

"As to the road, the one I represent is capitalized with a stock of \$2,000,000 and the Frisco road is capitalized, I believe, at \$20,000,000. The latter road includes, besides the main trunk line, branches running down to Texas and to Oklahoma. The president of the road is B. F. Toakum, of Kansas City. So if consolidation is accomplished the system will include four lines from the south up through Missouri and the other lines west through Texas and out to Frisco. A very neat little system, you see. But consolidation is in a rather nebulous state at present."

\$30,000 IS MISSING

Official Report on Discrepancy in Mint In Issue.

San Francisco, July 4.—Concerning the report yesterday that a shortage had been discovered in the San Francisco branch mint of gold, the following is the official report of the mint today:

"On June 24, gold containing \$5,000 in \$20 gold pieces, had disappeared from the mint as though disappeared by magic. No trace of the theft has been discovered, though Superintendent Leach and his force, assisted by Director of the Mint Roberts and his staff of experts, have been at work on the mystery since Saturday noon, June 25. When the shortage was discovered, at first it was supposed that there was an error in the books or in counting the bags, but it was soon found that the money had been stolen."

"The annual count of the money was begun last Friday morning. The mint officials to assist in the work and anxious to have everything correct, went over the money and accounts just ahead of the examiners and during the luncheon hour Saturday discovered that six bags were missing from the \$5,000,000 in gold in the vault."

"The superintendent Leach was at once informed and he notified Director Roberts of the shortage. The books were gone over at once in the expectation of finding an error, but it was found that the cashier's books balanced with those of the mint inspectors and called for the \$5,000 that was missing. The officials were then forced to the conclusion that somebody acquainted with the inside affairs of the mint had taken the money."

"Director of the Mint Roberts, of Washington, D. C., made the following statement:

"We have been very reluctant to conclude that a shortage exists. We have fought against the belief that there was anything wrong, but after three days' work in checking calculations and going over the accounts, we have still to face the situation of \$5,000 less in coin than the books call for."

"There appears to be no escape from the conclusion that some one or more persons employed in the mint has been faithful to the trust reposed in him or them. Thirty thousand dollars in gold was not taken at a grab. It was not taken by an outsider, but by someone who was able to enter the vault. Only one man was supposed to have the combination to the lock and that was the cashier, but possibly others did have it. I see no possibility of error in what was charged to the cashier, for his own books agree with the other departments, but there is a possibility of an over payment to a depositor. It is improbable, however, that so large an overpayment could be made."

"Both Superintendent Leach and Director Roberts declared that suspicion could not point to Cashier Cole, since his books were in perfect condition and called for the amount that has been stolen."

THE WEATHER.

Washington, July 4.—Forecast: Kansas: Thunderstorms and somewhat cooler Friday; Saturday generally fair; southern winds. Oklahoma and Indian Territory: Continued warm and partly cloudy, fair, probably followed by local thunder showers and lower temperature in afternoon. Saturday fair, winds becoming variable.

FOURTH MARKS EPOCH

Philippine Civil Government
Is Inaugurated.

Taft Speaks of Island

Military Government Is Still
Necessary.

Manila, July 4.—Civil government in the Philippines has been auspiciously inaugurated. Commissioner Taft was escorted by General MacArthur and General Chaffee from the palace to a great temporary tribune just outside the plaza palace. Standing on a projecting center of the tribune, Mr. Wm. H. Taft, the new civil governor of the Philippine Islands took the oath of office administered by Chief Justice Arellano. Governor Taft was then introduced by General MacArthur, the guns of Fort Santiago being fired by way of salute.

A feature of the inaugural address by Governor Taft was the announcement that on September 1, 1901, the commission would be increased by the appointment of three native members. Dr. Wardo de Tavera, Dinito Legarda and Jose Luzuriaga, the first of September, departments will be arranged as follows, heads having been assigned as follows:

Interior—Worcester.
Commerce and Police—Wright.
Justice and Finance—Hill.
Public Instruction—Moss.

Of the twenty-seven provinces organized, Civil Governor Taft said the inauguration still exists in five. This will insure the continuance of the military government in these sections. Sixteen additional provinces are reported without insurrection, but as yet have not been organized. Four provinces are now ready for civil government.

The speaker predicted that with the concentration of troops into larger garrisons it would be necessary for the people to assist the police in the preservation of order. Fleet launches will be procured, he said, which will facilitate to communicate among the provinces, as well as to add the postal and revenue departments, in connection with educational efforts, Civil Governor Taft said that adults should be educated by an observation of American methods. He said that there was a reasonable hope that congress would provide a tariff suitable, one that would assist in the development of the Philippines. Instead of an application of the United States tariff.

According to the civil governor, there is an unexpended balance in the treasury of \$1,700,000 and an annual income of \$10,000,000.

He said that any possible friction between civil and military authorities should be discouraged. The patriotism of the leading Filipinos was commended. In conclusion Civil Governor Taft reiterated a hope expressed by the president that in the future the inhabitants would be grateful for the American Philippines victories and that they would be indissolubly linked in ties of affection with the common country.

The reading of President McKinley's message of congratulation was enthusiastically cheered. The entire front of the tribune, a block long, was decorated with flags and several hundred officers with their families and friends were seated there.

General MacArthur, Civil Governor Taft, and Military Governor Chaffee occupied the center, Rear Admiral Kempff and his staff were on their left. The United States commissioners and justices of the supreme court followed. Next in the rear with the foreign envoys. The mass of the people stood in the park opposite. The Filipino leaders were there, but there were more Americans than Filipinos present.

The transfer of the military authority to General Chaffee was effected on the premises of the general, in General MacArthur's office. There was no formal ceremony. General MacArthur presented the new commander to the generals and remarked:

"I begueth to you all my troubles." All civil and military officers accompanied General MacArthur to the river front where he formally embarked. Governor Taft and General Chaffee then returned to the palace and received the public.

Chicago	60	21	39	.350

CINCINNATI vs BOSTON, 4.
Cincinnati, O., July 4.—There was scoring in only one inning of the morning game between Cincinnati and Boston, and the local team was the fortunate one. Phillips single and doubled by Harry Campbell and Kirtland, and the score of the two runs made by Cincinnati. Score:

Morning game—
Cincinnati.....00000000-0
Boston.....00000000-0

BOSTON vs CINCINNATI, 4.
Cincinnati, O., July 4.—Cincinnati beat the game for Boston in the ninth inning of the afternoon game by one of the most remarkable catches ever seen on a ball field. With Murphy in the field, a sharp liner to left center which looked good for a home run. Murphy, when he saw that he could not reach the ball on the run, deliberately did fifty feet over the ground and caught the ball while lying on his stomach. He then doubled Magnus up at second. Attendance, 1,200. Score:

Second game—
Cincinnati.....00000000-0
Boston.....00000000-0

Batteries—Newton, Smith and Bergan; Nichols and Kirtland.

CHICAGO vs BROOKLYN, 2.
Chicago, July 4.—Chicago won the morning game by beating Boston all over the field in the third, fourth and fifth innings.

Morning game—
Chicago.....00110000-2
Brooklyn.....00000000-0

Batteries—Wadell, Patten and Kappel; Davidson and Murphy.

NEW YORK vs PITTSBURGH, 1.
Pittsburgh, July 4.—The morning game between Pittsburgh and New York was a close, exciting battle, repeated with fine

holding and pitching. Tamm, who played the game for the local team, was hit by a fast ball in the second inning, and gave way to Chisholm for New York, pitched a nice game throughout. Attendance, 4,000. Score:

Morning game—
New York.....0000000000-0
Pittsburgh.....1000010001-3

Pittsburgh, N. Y. NEW YORK, 3.
Pittsburgh, N. Y., July 4.—The afternoon game was too one-sided to be interesting. Taylor was knocked out of the box in the second inning, after seven hits and seven runs had been made. Pittsburgh played a fast and brilliant game. Attendance, 2,500. Score:

Afternoon game—
Pittsburgh.....00110000-3
New York.....0000000000-0

Batteries—Leaver and Zimmer; Taylor, Doherty and Van Hatten.

PHILADELPHIA vs ST. LOUIS, 4.
St. Louis, July 4.—Orin was a pitcher's battle for Philadelphia, from Fourth and gave the local team its first shut out of the season. Nick's single and a double by Jennings scored the only run. The attendance was 2,500, and in the afternoon 3,000. Score:

Second game—
St. Louis.....0000000000-0
Philadelphia.....000000001-1

Batteries—Powell and Ryan; Orin and Jacklitch.

AMERICAN LEAGUE.

Chicago, July 4.—By out-battling the leaders of the league, Chicago won the championship. The game was a close, exciting battle, repeated with fine

Morning game—
Chicago.....00110000-3
Cleveland.....0000000000-0

CLEVELAND vs CHICAGO, 2.
Cleveland, O., July 4.—By out-battling the leaders of the league, Chicago won the championship. The game was a close, exciting battle, repeated with fine

Morning game—
Cleveland.....00110000-3
Chicago.....0000000000-0

Batteries—Baker and Wood; Harvey and Sullivan.

DETROIT vs MILWAUKEE, 1.
Milwaukee, Wis., July 4.—Loose fielding on the part of the home team, coupled with a brilliant hit by the visitors, gave the morning game to Detroit.

Morning game—
Milwaukee.....00000000-0
Detroit.....00100000-1

BOSTON vs BALTIMORE, 2.
Boston, July 4.—Boston won the afternoon game today, making it four straight from Baltimore. With one out, Stahl and Collins strangled the latter's hit, giving through Seymour to the face and scoring both men. This started the crowd and the continuous discharge of cannon, whistles and shouting of cheers.

Morning game—
Boston.....00000000-0
Baltimore.....00100000-2

Batteries—Lewis and Schreck; Foreman and Breesehan.

MILWAUKEE vs DETROIT, 1.
Milwaukee, Wis., July 4.—Milwaukee turned the tables on Detroit, winning the afternoon game. The game was a close, exciting battle, repeated with fine

Morning game—
Milwaukee.....00000000-0
Detroit.....00100000-1

Batteries—Baker and Wood; Harvey and Sullivan.

SLIGHTED WIFE'S WORK

Beats the Girl Who Wrote to
Husband.

UMBRELLA IS WEAPON

After Breaking It She Walked
Away Satisfied.

New York, July 4.—Because she found two loveletters addressed to her husband in his dress suit case, Mrs. Charles H. Gardner, wife of the well known insurance broker of Williamsburg, severely beat with an umbrella, Miss Ethel Whitaker, of No. 24 Ross street. Mrs. Gardner told Magistrate Hightbloom in court yesterday that she had noticed her husband was not as attentive as formerly and she began an investigation.

She said that on Thursday night she saw his suit case in his room and curiosity prompted her to see what it contained. In it she found the two loveletters complained of. One of them read:

"My Dear: I will meet you at 2:30 at the entrance of the park. I am writing this in a Myrtle avenue trolley car with Neil. She came to the house this afternoon at 6 o'clock and I got her to come down to Brooklyn. As for going away with you on Saturday, I cannot go, as that is my birthday. I will talk to you Friday. I received what you enclosed in your letter, but I don't thank you. There is time enough for that. Maybe you won't be so anxious some day. I am yours."

"The second read: 'My Dear: I want to New York with Grace this morning. Have just been to the postoffice where I received your letter. When you are telling a lie, why not tell a big one? You said you waited until 5 o'clock. How tired you and the other fellow must have been. In the first place, mamma and papa went out early Sunday morning and left Charles with me. Grace and I went down to the island at 5:30 and waited two hours for you, and then came home and had supper at Amy's house. If it is pleasant I will meet you at the park tomorrow Friday, 5 p. m. Suppose you are having a delightful time. As for being ready on the 31st, it is impossible. I suppose you go to bed early now. I will see you Friday. Yours, 'ETHEL'."

Mrs. Gardner said she discovered that the "Ethel" was Miss Ethel Whitaker, the daughter of a highly respected citizen of Brooklyn. Mrs. Gardner decided to call upon her and seek an explanation.

Miss Whitaker and members of her family were sitting on the stoop of their home when Mrs. Gardner came up and asked if it might speak to "Miss Ethel."

"Certainly," replied the young woman, rising and walking away a few steps with Mrs. Gardner.

"I am Mrs. Gardner and you are trying to steal my husband," cried Mrs. Gardner, who had written them and said that Mrs. Gardner had always led her to believe that she was unmarried.

After admitting the authorship of the letters, Miss Whitaker became hysterical. She said she had frequently met Mr. Gardner in Prospect Park, but did not know he had a wife.

Mrs. Gardner was placed under \$100 bail not to molest Miss Whitaker further.

TO KILL PRETTY GIRL.
Internal Machine Sent to Jay Cook's Granddaughter.

Philadelphia, July 4.—An attempt on the life or beauty of Miss Laura Barney, of Camden, Pa., was made by the use of a famous machine. The machine was made by means of an internal machine filled with gunpowder last Monday morning, and has just been made public by the police.

The instrument of destruction was sent through the mail addressed to Miss Barney, and she was told to open it and see what it contained. The machine was made by means of an internal machine filled with gunpowder last Monday morning, and has just been made public by the police.
